Significant Changes in State of Affairs

There were no significant changes in the state of affairs of the Fund.

Subsequent Events

There was a 1 for 2 rights issue that closed on 31 December 2019. The issue was fully underwritten by the Fund's largest shareholder, Lanyon Asset Management Pty Ltd. Cash raised from the issue was \$6,985,356. Units for the issue were allotted on 7 January 2020.

Other than as described above, there has been no matter or circumstance occurring subsequent to the end of the period that has significantly affected, or may significantly affect, the operations of the Fund, the results of those operations, or the state of affairs of the Fund in future financial years.

Likely Developments

The Fund will be managed in accordance with the Constitution and investment objectives as detailed in the Product Disclosure Statement ("PDS") dated 11 July 2017 as varied by the supplementary PDS dated 28 July 2017 and 21 September 2017 and any public announcements made in respect of the Fund during the interim reporting period.

Environmental Regulation and Performance

The operations of the Fund are not subject to any particular or significant environmental regulation under a law of the Commonwealth or of a State or Territory. There have been no known significant breaches of any other environmental requirements applicable to the Fund.

Indemnification of Directors, Officers and Auditors

During the financial period, the Responsible Entity paid premiums in respect of contracts insuring the directors of the Responsible Entity against a liability incurred as a director or executive officer to the extent permitted by the Corporations Act 2001. The contracts of insurance prohibit disclosure of the nature of the liability and the amount of the premiums.

The Fund has not otherwise, during or since the end of the financial period, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Fund or of any related body corporate against a liability as such an officer or auditor.

Rounding

The amounts contained in this report and in the financial statements have not been rounded to the nearest thousand dollars under the option available to the Fund under ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2016/191. The Fund is an entity to which the legislative instrument applies.

Auditor

PKF (NS) Audit & Assurance Limited Partnership was appointed as auditor of the Fund and continues in that office in accordance with Section 327 of the Corporations Act 2001.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under Section 307C of the Corporations Act 2001 is set out on page 7.

This directors' report is signed in accordance with a resolution of directors of the Fund made pursuant to Section 306(3) of the Corporations Act 2001.

Half Year Report for 2020

Dear Unitholders,

The past two years since IPO have been positive for the Fund, with meaningful gains and growth in NTA of 11.9% to the end of 2019, plus a further accumulation of 10.4% of distributions paid out unitholders. The Fund has retained its strategy of investing in listed Real Estate Investment Trusts (REITs) in developed markets across the globe which means it has no investment exposure to developing markets such as Africa, Brazil and China.

These REITs provide FPP unitholders an indirect exposure to the performance of assets held by those REITs which include a wide variety of sectors including office, industrial, shopping centres, residential, hotels, self storage, student accommodation, retired living, medical properties, data centres and lifestyle villages. These assets are typically backed by long term leases, as well as annual structured rent increases.

It has been a positive past couple of years for REITs as investors globally have continued to seek out asset rich real estate companies which have dependable and regular distributions and a strong level of tangible assets to underpin their prices. Similarly, the low global interest rate environment has continued to drive direct real estate asset values higher which in turn is driving NTA growth of the investments we review and hold for the Fund.

We take a value preference approach to investing, seeking to identify attractive investment opportunities where the REITs are trading below their asset backing. This has become more difficult over the past couple of years as REIT share prices have rallied in anticipation of asset revaluations which tend to lag the market by at least a year. During this period of growth, the REITs which have traded below their NTA have tended to be weak and the discount posits more risk than opportunity in this environment. Going forward we will continue to seek out mispriced opportunities and retain a value investing approach.

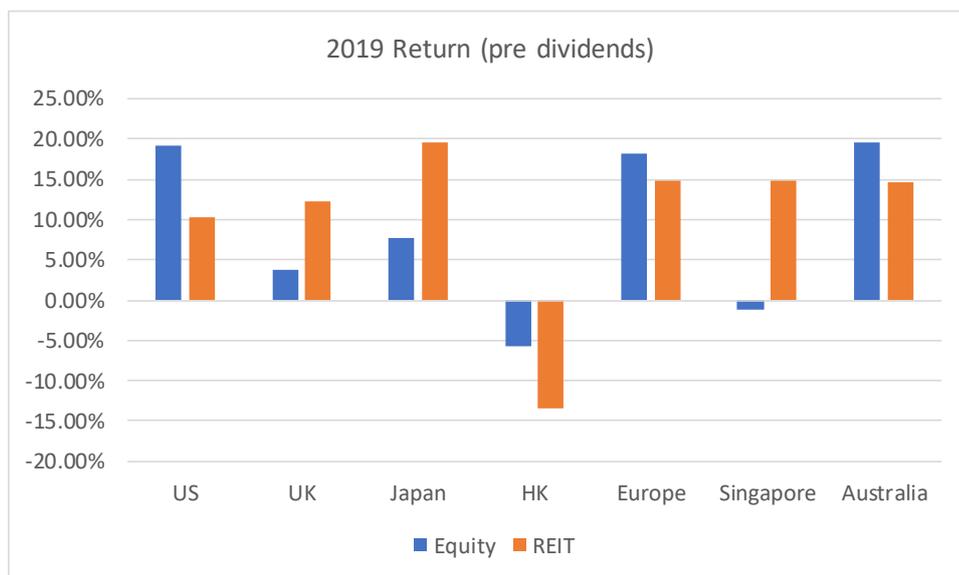

The Fund NTA for the month to the end of January 2020 was the first month post the effect of the 1 for 2 rights issue undertaken in 2019 to increase the size of the Fund for the benefit of liquidity and the management expense ratio. The issue had a dilutionary effect on NTA, although the entitlement basis of the raising allowed all unitholders to participate equally to offset dilution. It is notable however that the Fund recorded a strong 4.6% increase in NTA in January alone, offsetting a meaningful level of the dilution immediately post the raising completion. As at the end of January 2020 the NTA stood at \$1.1338 per unit.

While the growth in portfolio value during January was very strong at +4.6%, it was held back by two factors being:

1. A high proportion of cash which came in from the rights issue during the month at a time when REIT equities were enjoying strong growth, and;
2. A short term underweight to the US relating to the large Australian dollar cash from the rights issue during a period when the US dollar appreciated.

Given one third of the Fund’s assets were in cash during part of January, we are very pleased with the overall growth achieved from the balance of the invested portfolio which drove the 4.6% upside. While we have invested additional cash in February, we retained a relatively high cash balance on our view that a market correction was pending, and also maintaining some caution around increasing investment allocation to the US while the Australian Dollar was at decade low levels.

Global returns over the past year as highlighted in the following chart show most markets were strong except for Hong Kong where civil unrest followed by Corona virus fallout have doubly impacted. REITs have outperformed equities in a number of markets including Japan, Singapore and the UK. The returns shown are pre distribution or dividend yield which typically also adds additional return vs equities given the high yield and high earnings payout ratio of the REIT sector.

The Fund equity raising in December 2019/January 2020 has increased the Fund assets by 50%. We retain a positive outlook for the REIT sector as equity market volatility remains unpredictable and interest rates domestically and globally remain very low. This is causing investors to seek to diversify holdings through exposure to lower volatility and higher yielding assets such as the REIT sector. Real estate sectors by and large are well positioned with minimal levels of occupancy, rising rents and limited levels of new supply. We will continue to seek out the best opportunities within these numerous markets and subsectors globally.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE UNITHOLDERS OF FAT PROPHETS GLOBAL PROPERTY FUND

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Fat Prophets Global Property Fund (the Fund), which comprises the statement of financial position as at 31 December 2019, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Fat Prophets Global Property Fund is not in accordance with the Corporations Act 2001 including:

- (a) giving a true and fair view of the Fund's financial position as at 31 December 2019, and of its financial performance for the half-year ended on that date; and
- (b) complying with the Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. In accordance with the Corporations Act 2001, we have given the Directors of the Responsible Entity a written Auditor's Independence Declaration.

Directors' Responsibility for the Half-Year Financial Report

The Directors' of the Responsible Entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the Corporations Regulations 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Fund's financial position as at 31 December 2019 and its performance for the half year ended on that date, and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Fat Prophets Global Property Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Notes to the Financial Statements

General Information

Fat Prophets Global Property Fund (the “Fund”) is a listed real estate investment trust (“REIT”) and its units are quoted on the Australian Securities Exchange (ASX: FPP) registered and domiciled in Australia. The Fund was constituted on 23 June 2017 and commenced operations on 10 October 2017.

The responsible entity of the Fund is One Managed Investment Funds Limited (ABN 47 117 400 987; AFSL 297 042) (the “Responsible Entity”). The Responsible Entity’s registered office is Level 11, 20 Hunter Street Sydney NSW 2000.

Fat Prophets Funds Management Limited (the “Investment Manager”) is the investment manager of the Fund.

The financial statements were authorised for issue by the directors on 28 February 2020. The directors of the Responsible Entity have the power to amend and reissue the interim financial statements.

1. Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of these condensed financial statements are the same as those applied in the Fund’s financial statements as at and for the year ended 30 June 2019.

a) Basis of Preparation

This general purpose interim financial report has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements and interpretations of the Australian Accounting Standards Board (the “AASB”), and the Corporations Act 2001 in Australia. For the purposes of preparing financial statements, the Fund is a for-profit entity.

This general purpose interim financial report has been prepared on an accruals basis using historical cost convention, except for the revaluation of investments in financial assets and liabilities, which have been measured at fair value through profit or loss.

The condensed Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity.

The preparation of financial statements in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on the historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about the carrying values of assets and liabilities that are not readily apparent from other sources.

Other than the items detailed in the accounting policies below there are no differences in actual and estimated results.

These half-year financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the company as the full financial statements. Accordingly, these half-year financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2019 and any public announcements made by the Company during the half-year reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

b) Statement of Compliance

The interim report is a general purpose financial report in accordance with the Corporations Act 2001 and AASB 134 “*Interim Financial reporting*”. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards (“IFRS”) IAS 34 “*Interim Financial reporting*”.

Notes to the Financial Statements

1. Summary of Significant Accounting Policies (continued)

c) Reporting Currency

All amounts are presented in Australian dollars as the functional and presentational currency of the Fund. All the global investments are converted to AUD.

d) Going Concern Basis

This financial report has been prepared on a going concern basis.

2. Adoption of New and Revised Accounting Standards

New or amended Accounting Standard and Interpretations adopted in the current period

The Fund has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. These Standards and Interpretations did not have any material impact on these financial statements.

New standards and interpretations not yet adopted

There were no new standards or interpretations applicable that would have a material impact for the Fund.

3. Investments in Financial Instruments

a) Financial Assets at Fair Value through Profit or Loss

	31 December 2019	30 June 2019
	\$	\$
Investment in listed equity securities	18,080,332	16,489,346
Total financial assets at fair value through profit or loss	18,080,332	16,489,346

b) Disclosed fair values

For all financial instruments their carrying value approximates fair value.

c) Fair Value Hierarchy

AASB 7 "Financial Instruments Disclosures" requires entities to provide disclosures in their financial report that enable users to evaluate the significance of financial instruments for the entity, and the nature and extent of risks arising from financial instruments to which the entity is exposed to. Below is an analysis of the financial instruments of the Fund.

Level 1:

Financial instruments are valued by reference to quoted prices in an active market(s) for identical assets or liabilities. These quoted prices represent actual and regularly occurring market transactions on an arm's length basis.

Level 2:

Financial instruments are valued using inputs other than quoted prices covered in Level 1. These other inputs include quoted prices that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices). The inputs included in this level encompass quoted prices in active markets for similar assets or liabilities, quoted prices in markets in which there are few transactions for identical or similar assets or liabilities. Financial instruments that are valued using other inputs that are not quoted prices but are observable for the assets or liabilities also fall into this categorisation.

Notes to the Financial Statements

3. Investments in Financial Instruments (continued)

c) Fair Value Hierarchy (continued)

Level 3:

Financial instruments that have been valued, in whole or in part, by using valuation techniques or models that are based on unobservable inputs that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Unobservable valuation inputs are determined based on the best information available, which might include the entity's own data, reflecting its assumptions as well as best practices carried out or undertaken by other market participants. These valuation techniques are used to the extent that observable inputs are not available.

The following table shows an analysis of financial instruments, recorded at fair value and presented by level of the fair value hierarchy:

Financial Assets at Fair Value through Profit or Loss

	31 December 2019			Total \$
	Level 1 \$	Level 2 \$	Level 3 \$	
Financial assets				
Investment in listed equity securities	18,080,332	-	-	18,080,332

Total financial assets designated at fair value through profit or loss	16,489,346	-	-	16,489,346

There were no transfers between levels 1, 2 and 3 during the period ended 31 December 2019. The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Valuation techniques used to derive level 1 fair values

Level 1

The fair value of financial instruments that are traded in an active market (for example, listed equities) is determined using the last traded quoted price in an active market. As at 31 December 2019 the Fund had \$18,080,332 (30 June 2019: \$16,489,346) financial assets held at fair value through profit or loss included in level 1.
